

BUDGET WEDDING FLOWER PACKAGES 2021

Budget wedding flower packages from Brecon Blooms using seasonal British grown flowers in a mixed colour scheme – the way nature intended, soft, natural and beautiful.

By selecting one of Brecon Blooms' budget packages you are buying the Brecon Blooms style. Specially chosen beautiful seasonal scented British Flowers but without the fuss or worry and no lengthy consultation or decisions to make.

Choosing which package

Depending on the size of your wedding party, your venue and your budget, your flower needs will vary.

One DIY bucket of flowers should be enough to decorate 3 tables of 10 people, 2 large vases/containers, or 8/9 jam jars.

Due to our rural location most people like to raid their gardens (or get their family to gather foliage from their gardens) as such I don't tend to provide foliage in the DIY buckets unless specifically requested.

Ordering Process....

Simply choose the package which suits your requirements best. Mixing and matching contents is possible – just get in touch.

Contact me with your details – wedding date, and if there is a colour scheme such as pastels or bright colours, blues and pinks or oranges and yellows for example. Let me know which package you've chosen and we can discuss your order over the phone or via email.

I'll send you an order confirmation by email, terms and conditions and an invoice for payment including full payment details. Weddings for 2021 will be invoiced in full, weddings for 2022 will be asked to pay a £50 booking fee and the balance payable closer to the wedding date.

I choose the best looking prettiest flowers from my growing plots and hand-chosen local suppliers and arrange the flowers just for you.

You collect the flowers from Brecon Blooms here on the farm the day before your wedding. The flowers will all be carefully packed and in plenty of fresh water, with care instructions on how to keep them looking in tip top condition.

What next?

To order simply select your package and email me with your choice and any extras you may want and your wedding date. I'll invoice you for payment by bank transfer, discuss your order over the phone or via email and that's it. All you need to do then is make sure you find a volunteer to collect your flowers the day before your wedding. Fuss free, simple, flowers for your special day.
